

Permission to Use Images and Quotations
(please **print names** except for signature at end)

I, _____, parent/guardian of _____, agree to let MathPath use, for publicity purposes, digital images (or other visual media of any sort, e.g., videos or recordings of video-conference-sessions) showing my child. This includes screenshots and recordings of any virtual-conference-session during Remote MathPath 2020. For instance, such images may be posted on the MathPath website or printed in brochures. I understand that such visual media are intended to show students engaged in typical activities of the program. I also understand that MathPath will not identify my child by name in any posted media without additional permission from me, obtained by contacting me directly.

Similarly, I agree to let MathPath use, for publicity purposes, quotations from my child. For instance, such quotations may appear in print, on our website, or in any medium for presenting quotations, including audio or video clips. I understand that MathPath will not identify my child by name for any such quotation without contacting me directly for permission. I also understand that most student quotations are taken from the anonymous camp surveys. In this case no name is available for use and no permission is necessary or possible.

I further understand that MathPath may grant other organizations permission to display such visual media or quotations as part of MathPath publicity efforts, but only under the same conditions: no identification by name without my direct permission.

I agree to let MathPath use digital images (including other visual media of any sort, e.g. videos, screenshots, or recordings of virtual-conference-sessions) and quotations from my child for sharing internally with other participants and staff of the program. For instance, recordings of video-conference sessions may be posted and password-protected for students to access and reference after they have occurred. These digital images and quotations may include my child's name and/or screenname.

Signature of parent/guardian
